Parent Leadership

Following LVR, students again wanted to meet regularly during the week for a pool party or some type of gathering. I am first asking that parents make these events a priority and encourage you student to participate. The best way to hold your child accountable to what they learned and what they desire for their faith is for you, the parent, to keep them accountable to the group. Secondly, I am encouraging you to provide snacks and food for these events. Please provide a side or dessert to share - nothing specific is required.
